The stationery packs are available to look at and order on 10th July at the Family Festival.

If you are interested in purchasing a stationery pack please order via ParentPay or at today's Family Festival.

They will then be given out to the children on the day we return to school on 3rd September.

If you would like to purchase individual items from the list then please tick what you require on the list above, put it in an envelope and post in the box by the office marked 'Stationery orders'.

Please ensure that children return to school after the summer holiday with the correct equipment. If you do purchase handwriting or whiteboard pens elsewhere, please make sure they are the same as the ones we can supply. The children are expected to take great care of their equipment so we suggest that you label all your child's belongings to avoid them getting mislaid.

We hope you all have a lovely summer holiday and thank you for all your help and co-operation in advance.
